

Health and Safety and Well Being Policy

Grandpont Nursery School and Childcare

GRANDPONT NURSERY SCHOOL AND CHILDREN'S CENTRE HEALTH AND SAFETY POLICY

The Health and Safety at Work Act Section 2(3) and the Oxfordshire County Council Safety Policy part 2 paras. 2,3,5 require every Head of Establishment and Governors to have in place a Safety Policy stating the organisation and arrangements which ensure the health and safety of the persons inhabiting that establishment.

The Health and Safety Policy of Grandpont Nursery School and Childcare is organised under the following headings:

- 1. Objectives
- 2. Organisation
- 3. Responsibilities
- 4. Health and Hygiene
- First Aid
- 6. Serious Accidents
- 7. Safety Inside and Outside
- 8. Child Protection
- 9. Security
- 10. Evacuation of the Building
- 11 Medication Policy

"Before a child is old enough to go to school he has to learn to cope with problems of standing upright, walking and running. He is exposed to many hazards at home and in play with other children. He learns by trial and error and should be safeguarded from serious accidents by the care and guidance of his parents and other adults around him. The natural instinct to explore and venture must not be suppressed, for only through experience can independence be developed. To remove all possibility of accident would be to prevent the child learning how to recognise and deal sensibly and confidently with hazards which are sure to arise in later life."

Safety at School: DES

1. OBJECTIVES

- 1.1 To ensure that the school complies with the Oxfordshire County Council Safety Policy in the implementation of the Health and Safety at Work Act and thereby to establish, so far as is reasonably practicable, a safe environment throughout the school.
- 1.2 To seek out and eliminate bad practices.
- 1.3 To establish and maintain safe working procedures among all persons using the school.
- 1.4 To develop a health and safety awareness among all staff and visitors. Health and Safety and Well Being Policy

- 3.3 All staff are responsible for taking steps to keep themselves safe and for creating and maintaining a safe working environment for themselves, children, parents, colleagues and visitors.

4. HEALTH AND HYGIENE

4.1 Children should be encouraged to be aware of the importance of personal cleanliness:-

after using the toilet before eating before cooking or handling food after working with animals after working in the garden

- 4.2 Children should be encouraged to use paper handkerchiefs, to deal with coughs and sneezes and to dispose of paper handkerchiefs in the bin.
- 4.3 Children/Adults who have had diarrhoea or vomiting should be kept at home for two clear day after the symptoms cease.
- 4.4 Children with contagious conditions should be kept at home according to the official guidance. A copy is available from the office.
- 4.5 If the child becomes unwell whilst at Nursery the parents or emergency contact will be requested to collect the child. If the condition is felt to be serious emergency services will be contacted. Staff will act in loco parentis if a contact is unavailable
- 4.6 Staff should alert the parent of any child with head lice and advise on appropriate treatment.
- 4.7 No one should lift heavy or awkward equipment alone.
- 4.8 Parents should be advised that children should not wear any jewellery which may become caught or hooked while playing. Specifically, hooped earrings should not be worn. Stud earrings only may be worn. Children may be requested to remove loose bangles and necklaces when climbing.
- 4.9 Disposable gloves are available for use when changing wet or soiled clothing and dealing with open wounds/blood.
- 4.10 Toilets should be cleaned regularly by the Cleaner-in-charge. Staff will clean toilets at lunch time and at other times when necessary.
- 4.11 Parents will be informed of any infectious diseases by a prominent notice in the entrance hall and Mulberry Room entrance

5. FIRST AID

5.1 First Aid equipment in the nursery is kept in the kitchen in a first aid cupboard with surplus stock in a kitchen cupboard.

First aid equipment in the over 3's Holiday club and wrap around is kept in the utility room

First aid equipment in the under 3's Blossom Room is on shelf in main room. The evacuation cot is kept in the bathroom.

Before treating any child, the list of allergies and any other relevant medical information, which is kept by the medical file (in the kitchen), should be checked.

5.2 Required contents for First Aid cupboard:

Guidance card

10 individual sterile dressings - assorted sizes

1 sterile eye pad with dressing

4 triangular bandage

3 medium dressings

2 large dressing

disposable gloves

eye wash (optional)

- 5.3 Lynne Nottage, Samantha Kirk in the Under 3's and one member of staff in the Nursery, Teresa Murphy, are responsible for ensuring that the First Aid Box is kept fully stocked in those areas.
- 5.4 Antiseptics, including antiseptic wipes, should NOT be used for treating injuries.

Plasters may be used to stop infection.

- 5.5 Tissue/ kitchen roll and cold water should be used for washing cuts and grazes. Not cotton wool.
- 5.6 Adults treating injuries involving blood are to wear the disposable gloves provided. These should then be turned inside out and put in the bin.
- 5.7 **ALL** accidents should be recorded on an accident form. Any forms for children attending daycare should be pinned up by the daycare list to be transferred to the childcare with the child. All minor cuts, grazes and bumps should be entered on an accident form. All Daycare staff should be informed. Parent should be informed on the day of the accident and be asked to sign the accident form when collecting their child.

The completed form should be put in the accident File in the Daycare office or the Nursery kitchen. If it's not the parent collecting the child staff should photocopy the signed accident form to be sent home for the parents.

- 5.8 If there is any doubt about a child's condition the parent or emergency contact should be summoned.
- 5.9 The cook is responsible for maintaining the First Aid equipment specifically required for the Catering service kitchen.
- 5.10 We can only administer drugs or medicines, if a parent has completed a medicine consent form and the child has been taking the medicine for 24hrs.

Staff will always check the expiry date of the medicine and that it has been prescribed for the child for the illness as stated on the label by a doctor. Staff will record any medicines given on the appropriate form and parents will sign this form when collecting their child. The new Ofsted guidance (Jan 13) states that staff can administer medication that's not prescribed e.g. piriton, calpol, and their own discretion but the parents still have to sign a consent form. Staff will phone parents before giving any medication. (see medication policy attached)

- 5.11 Medicines for children with asthma are kept in a marked basket in the kitchen. These should all be clearly labelled with the child's name. Detailed instructions for administration will be found on the medicine consent form. These should be checked monthly for date.
- 5.12 If there is any child or adult at school with a condition requiring special attention, e.g. epilepsy, the Headteacher will ensure that all staff know the procedures that need to be followed, or medicines that may need to be administered. Health care plans are written if required for staff and children.
- 5.13 List of food allergies and diet requirements are displayed in the nursery kitchen, main kitchen and on mulberry rooms kitchen doors. Action will be taken when considering individual needs.
- 5.14 List of medical conditions are displayed in nursery kitchen, in the Mulberry rooms the list is in a file in a cupboard in their rooms.
- 6. <u>ACCIDENTS</u> Serious accidents
- 6.1 A child or adult who is seriously injured should not normally be moved. The adult who deals with the accident should send a child for another adult if one is not near enough to call verbally. The second adult should summon a member of staff with a first aid qualification, contact the child's parent or emergency contact and summon Emergency Service help if this is thought to be necessary.
 - If a child needs to be immediately removed to hospital:The Headteacher or Person in charge will delegate a member of staff who will accompany the child at least until a parent arrives.
- The Oxfordshire County Council reporting procedures for injuries, work related diseases and dangerous occurrences must be followed. (reporting is on line). The Health and Safety Executive (Tel: 0845 3009923) and the Health and Safety Office, Grahame Jamieson, at Macclesfield House (Tel:797222) should be notified by telephone if an accident / incident has resulted in a child or adult being taken to hospital.

Ofsted must be notified of any serious injuries or death.

- 6.3 All reportable accidents/ incidents must be recorded on line. All Staff and the parents concerned should be informed.
- 6.4 The member of staff who deals with an injured child is responsible for ensuring that the parents are informed.
- 6.5 If there is **ANY DOUBT AT ALL** ABOUT A CHILD'S CONDITION, THE PARENT OR EMERGENCY CONTACT SHOULD BE INFORMED.
