

The Language of Learning

The voice of the Adult

The voice of the child

I noticed that:

- You are an **expert** at
- You are **skilled** at

I wonder how you could learn,

- By **exploring**,
- **Having a go**

You **solved** the **problem** by...

I **challenged** myself to do it

I **planned** what I was going to do

I'm **impressed** that you:

- **Practiced**
- **Challenged** yourself
- **Remembered**
- **Listened**

I am interested/fascinated in...

I **asked** someone to **help** me/ to **show** me

I can see you **thought** about it/ I can see you were... **concentrating**

I **tried** and **tried** and now I can do it

Tell me more about...

I like the way:

- You **tried**
- You **concentrated**
- You **persevered**

I **watched** and I **listened**

I **keep going**.

I am **skilled** at/ I am an **expert** at...
